

## **Praise and Prayer Update - Alpha**

Sep 30, 2009

Hi everyone,

For approximately the past 10 years, Alpha Pregnancy Resource Center has been trying to find a location in Vallejo. We have seen through statistics that Vallejo has the greatest need in Solano County for Alpha's services. God has provided a place right in the heart of Vallejo, on the corner of Broadway and Tennessee, and we will be moving there next week (God works fast!) to begin a 3 month lease. During that 3 months we will begin a concentrated effort to raise \$48,000 to fund that site for at least another year. We will still have our Vacaville and Fairfield sites, and our Benicia site will close and move to Vallejo. This is a big task, but we have a big God! We need your prayers for protection over that site and for favor within the Vallejo community and for the funds to help us stay in that area. And if that were not enough, our Mobile Medical Unit will begin serving Solano County next week also! We are so excited that this mobile ultrasound clinic is going to be on the road. We covet your prayers for these 2 exciting adventures. Please pass this on to your prayer ministries if you can. Thank you for all your support for Alpha and the babies

For Life,  
Diedre Eckle  
Executive Director
